

Case Study

Real Tech 2018 Pitch Event

Background

The Real Estate Institute of Queensland ("REIQ") held their annual RealTech conference in Brisbane in October. 3 Startups were given the chance to showcase their business and network with property & real estate executives.

REIQ ran a program on CoVentured to attract, score and manage Startup applications.

Testimonial

"Working with Co-Ventured has been a great opportunity for our organisation. We have connected with over 40 startups wanting to be showcased at our REAL TECH event. We have also identified others to work with us more generally to further develop their products and services. We are continuing to work with many of these and to explore partnering opportunities."

Antonia Mercorella
CEO, Real Estate Institute of Queensland
